

# THE GROWING BRAIN

Join us for a special guest presentation by Dr. Jack Nitschke, PHD, an expert neuroscientist and psychologist.

Dr. Nitschke will provide an overview of the teen brain, teen mental health, and more. Attendees will also have the opportunity to participate in a Q&A session following the presentation. Have you ever wondered how your teen's brain works? Do you have questions about mental health and your teen?

**THIS PRESENTATION IS FOR YOU!**
