November Book Review

By Sam Witt

Book: *Carrie* by Stephen King

Rating: 4/5

What is this book about?

In this book, we meet a peculiar girl named Carrie White, who faces pitiless abuse at school and home. It takes place in a small town in Maine called Chamberlain in the late 1970s. We see Carrie as she deals with her ultra-religious mother's abuse and the torment from her peers in high school. As a young girl, she is still trying to figure out who she is and what she will evolve into; Carrie has an unexpected discovery of her telekinetic powers. It is up to the reader to decide whether this is for the better or worse.

Would I recommend this book?

Yes! This book was really interesting and kept me hooked the entire time.
