

Gmail Contacts-

How to move your Contacts from your school Gmail account to your personal Gmail account

Step 1: Export existing Gmail contacts

1. On your computer, go to [Google Contacts](#) .
2. At the left, click Export.
3. Select which contacts to export.
4. Select Google CSV.
5. Click Export.
6. At the top right, click your profile picture > Sign out.

Step 2: Import the file

1. On your computer, go to [Google Contacts](#), then sign in with your other Gmail account.
2. At the left, click Import.
3. Click Select File.
4. Choose your file.
5. Click Import.
